## Metef 2021: Expo Of Customized Technology For The Aluminium, Foundry Castings & Innovative Metals Industry (Postponed New Dates Soon!)

*METEF IS POSTPONED, HOWEVER CHECK BACK HERE FOR REAL TIME UPDATES AS THEY OCCUR*

METEF is the sole international event in the metals sector offering a comprehensive exhibition on raw materials, processing, machining, technologies, machinery and plants, products and applications as well as on state-of-the-art technologies for metals recovery and recycling and the most original solutions for the automotive industry.

Who should attend?

Operators and Suppliers in the following area of the metals production supply chain:

- processing and production of parts and semis
- surface treatments and machining
- ferrous and non ferrous metals foundries
- transports, from passenger vehicles to trains, vessels and aircrafts
- mechanics, design and engineering, electromechanics
- applications for the building sector
- chemistry, petrochemistry and plant engineering
- packaging

Sectors:

[Foundry & Metallurgical Machinery](#)
